NSO SELECTION CRITERIA

Selection Process

Athletes who have earned an Individual Qualification through IWF Absolute Rankings (World or Continental Rankings) will be automatically nominated to the Tokyo 2020 Olympic Games, subject to satisfying all relevant and applicable eligibility requirements.

The CWFHC Executive Committee is responsible for the final submission of Team Nomination to the COC for the Olympic Games based on the application of these criteria by June 30, 2021.

Alternate

In announcing the final Team Nomination for the Olympic Games, where appropriate, the CWFHC will also announce alternate athletes who may be called to replace a nominated athlete who has, following their nomination, become ineligible or unable to compete at the Olympic Games. This athlete(s) will be nominated to the Olympic Team as an Alternate Athlete (but will not travel to the Olympic Games unless eligible to compete in the competition). The CWFHC will adhere to the IWF's policy for naming these alternates and submitting the athlete(s) as an entry to the Olympic Games.

Performance Readiness

All athletes selected to the Olympic Team must prepare in such a way as to be at peak fitness for the Games. The CWFHC will help to provide a preparation environment to ensure peak performance for Olympic Team athletes but accepts that athletes are responsible for how they conduct some or all of their preparation outside the CWFHC program.

Injury, Illness, or Change in Training Status and Removal from Olympic Team

Athletes are required to immediately report any injury, illness, or change in training status that could affect their ability to compete at the Olympic Games. Failure to properly report injury or illness prior to the Olympic Games may result in the athlete being removed from the Olympic Team. Notification must be sent immediately by the athlete or their coach to the Team Leader and/or CWFHC Executive Committee.

Once notified of an athlete's injury, illness or change in training status that could affect their performance, the CWFHC will work with the athlete, the athlete's coach, and available Performance and Health Services resources to ensure that a complete injury and illness assessment has occurred and a recovery plan is in place. This assessment will include a determination of the athlete's potential for recovery and ability to compete at their best.

However, if, following the above assessment, the athlete is deemed unfit to resume training/competition, the athlete may be declared unready for competition and the athlete may, by decision of the Team Leader and/or CWFHC Executive Committee, be removed from the Olympic Team.

Once selected, an athlete may also be removed from the Olympic Team if:

- They are found to have committed an anti-doping rule violation and will be serving a period of ineligibility or provisional suspension during the Olympic Games; or
- They are found to have breached any of the CWFHC's policies or the policies of any other sport organization that has jurisdiction over them and have had a suspension imposed against them that will be served during the Olympic Games.

Amendments and Unforeseen Circumstances

Any changes to these Selection Criteria shall be communicated directly to all affected athletes as soon as reasonably possible. This clause shall not be used to justify changes after a qualification competition or criteria which formed part of this Selection Criteria unless it is related to an unforeseen circumstance. This is to allow for changes to this document that may result from changes to the IWF Qualification System, lack of clarity around definitions or wording, or quota re-adjustment. If there are changes made to the document, the CWFHC will inform the COC for the reasons behind the change as soon as possible.

Olympic Games – Coaches Selection Process

Coaches will be first considered as a candidate for selection to the Olympic Team by virtue of the athlete(s) they coach being nominated to the Olympic Team, then further nominated by the CWFHC Executive Committee based on the following criteria:

- The number of selected coaches shall depend on the number of accreditations allocated by the Olympic Games Organizing Committee and the COC.
- In the case where places are earned for men and women at the Main Olympic Qualification or at the Continental Olympic Qualification and two (2) coaches are allocated, the coach of the athlete who has ranked the highest (men and women classified together in one group) according to the IWF Absolute Ranking (i.e., Robi Points) shall be the privileged person to be the Head Coach of the Olympic team.
- The second coach of the Olympic Team shall be the coach of the athlete of the opposite gender who is ranked highest in their gender. For example, when the privileged candidate is the woman's coach, then the second coach shall be the coach of the highest ranked male athlete.
- Must have previously worked as a coach at Junior World Championships, University World Championships, Senior World Championships, Pan Am Championships and /or Olympic Games.
- Must declare their availability and interest to serve as coach at the Olympic Games by email to the CWFHC President (cwalker@cwfhc.ca).
- The coaches must be certified at least at NCCP Level 2, NCCP Competition Development or equivalent and have had coaching experience at the provincial, national, and international level.
- Coaches nominated by the CWFHC to the COC (as a COC requirement) must be members in good standing with the Coaches of Canada/Entraîneurs Canada (www.coachesofcanada.com). Proof of membership with the Coaches of Canada must be sent to the CWFHC before March 1, 2021. The Code of Ethics of Coaches Canada/Coaches of Canada will be in effect during the Olympic Games Qualification period.
- In the case where these coaches are not available or eligible, the coach of the next highest-ranked athlete (based on Absolute Rankings) will be asked to be the Head Coach of the Olympic team.

- In the case where the places were earned by athletes of the same gender at Olympic Qualification competitions or at the Continental Olympic Qualifications competitions, and when two (2) coaches were allocated, the coach of the athlete who ranked the highest according to the IWF Qualification System will be the selected candidate and named the Head Coach of the Olympic Team.
- The second coach of the team will be the one whose athlete placed second in the ranking and nominated as a coach to the Olympic Team.
- In the case these above coaches are not available or eligible, the coach of the next highest-ranked athlete on the Olympic Team (based on Absolute Rankings) will be asked to be a coach of the Olympic Team.

Appeals Process:

Any selection decision may be appealed to the CWFHC Appeal Committee. The Appeal Committee comprises three members appointed at large (excluding the members of the CWFHC Executive Committee) by the CWFHC Board of Directors. These three members shall be appointed at the 2020 Annual General Meeting (AGM) of the CWFHC, or, if nominees do not stand for appointment at the AGM, then appointed at large by the CWFHC Executive Committee.

Any decision of the CWFHC Appeal Committee may be appealed to the Sport Dispute Resolution Center of Canada (SDRCC).

An appeal before the CWFHC Appeal Committee may be waived and heard directly before the SDRCC upon agreement of the parties.
